

Things are happening in Old Nags Head Cove as summer comes to an end!

Again this year the boardwalk has been full of activity, in early spring lots of trout, drum, spot, and croaker were caught. Thanks for the awesome pole holders Ted! Then as the summer got into full swing there was a lot of crabbing going on. Many people were also using the grassy area south of the clubhouse for just lounging around or reading a book, we even had a group picnic. The normal dog activity went on in the early am as well as the dusk hours. We had a bit of volleyball going on, some soccer and a game of whiffle ball. We also had a week of intense basketball games. The pool has been busy despite the crazy wet, unexpected weather and the umbrellas have been taking a beating, but the water has remained clear and refreshing.

We now have a new doggie station thanks to a homeowner who has allowed us to put it on their property. It is located on Hesperides as you go up the hill on the right hand side. So please put the bags in their proper place. Also the Town of Nags Head moved their doggie station located at the sound access on Danube closer to the street so that it can be seen and used by the people walking their pets. There is also a trash can at the access. Please remember there is a leash law in the Town of Nags Head. If there is no doggie station on your dog route please take a bag for your pet's disposal.

The Board of Directors has been working hard to make our neighborhood safe and beautiful. We have been working close with the Town of Nags Head to keep the brush cut back in the right of way. They are looking into the water pipe on Old Cove Road that needs some maintenance. They have also been in touch with the Board about the flooding issues on Pompano Way. As the busy season slows down there are likely to be more trash and recycle cans left by the street so if you know your neighbor well enough and they are weekenders please pull the cans back off the street. It will make it safer for everyone. We all know parking can be an issue especially in the summer months, however please do not have your guests park on the street itself, park in the right-of-way.

The next scheduled Board of Directors meeting is September 16 a- 9AM at the clubhouse. Contact a member if you wish to bring up any concerns or comments. The meetings are open to members in good standing.

Please remember if you have a RV, boat trailer, camper, or a vehicle it must be licensed and on your property, not your neighbors or in the right-of-way. It is in the covenants that there shall be no active use or habitation of any type of camper or watercraft. The By-Laws and Covenants can be found on the www.oldnagsheadcovehoa website under the documents icon.

We have quite a lot of building going on at the moment, as well as many new homeowners in the neighborhood. I have meet a few of you at the pool which is open 11am till 7 pm weather permitting till September 10th so please stop by if you have any questions or would just like to introduce yourself. Otherwise I hope to see you at the:

ANNUAL LABOR DAY PICNIC

The Date is Saturday, September 2, 2017 at 1 PM so plan on coming over to the clubhouse. Hotdogs, bar-b-que, coleslaw, beans, and drinks will be provided by the Association. Please bring your favorite dish and be sure to put this on your calendar.
